

The Antipasto Queen

The literal translation is 'before the meal' – not 'before the pasta' as you might assume! Coming from the latin 'ante'– for before, and 'pastus' – for food; it's the italian version of hors d'oeuvres. Often comprised of a colourful dish filled with different bites of cured meat, cheese, seafood and marinated vegetables, the rich flavours and bite-sized morsels of food make it perfect precursor to any meal. The first references to antipasti were made way back in medieval italy; although it's composite parts were no doubt enjoyed long before that.

## Antipasto Platters & Grazing Tables

Let us graze your next special event so you can relax and enjoy yourself. Below is what we provide in our grazing tables. Designed as either a cocktail hour snack or to supplement a light meal, each grazing table is personalised to your event theme and dietary restrictions. Choose from a flat laying table or an elaborate layered display, assembled on-site on beautiful elevated boards and platters with fresh greenery, accessories and unique cheese knives/utensils and serviettes.

### Pricing from \$45 per person
